NEED OF NEW SHELTER

Family n°	Minor n°	Village	Needs and Demands	Notes	Given on date:
There is no sufficient financial support available to build new shelters. To evaluate if possible to rent a house					
008		SololoMakutano	Need shelter		
006		SololoMakutano	Need floor cement and wall plaster both inside and outside		
012		Golole-Uran	Need shelter	not to rent but build them a simple shelter of their own.	
016		SololoRamata-1	Need house of their own.		
024		SololoMakutano	Need shelter		
034		SololoRamata-1	Need shelter		
035		SololoRamata-1	Need shelter		
039		SololoRamata-1	Need shelter		
040		SololoMakutano	Need shelter		
045		SololoRamata-1	Need house of their own		
052		Anona	Need shelter		If possible to be built small house as this one may not with stand this rain.
052		Annona	Need shelter	After they were displaced by flood last rain season they have not managed to build shelter.	
053		Anona	Need shelter	After they were displaced by flood last rain season they have not managed to build shelter.	
054		Anona	Need shelter	They are currently living in the refugee camp after they were displaced by flood their case is as serious as those of house no.053, 052 and 108	
056		Waye-Godha	Need shelter		

059		SololoRamata-2	Need shelter	
068		SololoRamata-1	Need shelter	
074		SololoMakutano	Need shelter	
075		Dambala-Fachana	Need shelter	small semi permanent house which needs wall and floor repair.
076		SololoMakutano	Need shelter	
077		Dambala-Fachana	Need shelter	
078		Golole-Uran	Need shelter	If possible to be built a simple two room house to protect this family.
087		SololoMakutano	Need shelter	This family is eternally displaced , they don't have any where to call it their home they always move from one hut to another every season of rain. They are so desperate
088		SololoMakutano	Need shelter	
089		SololoMakutano	Need shelter	
093		Golole-Uran	Need shelter	At least a better shelter, as they are displaced and leave in their parents house.
094		Golole-Uran	Need shelter	To be built simple two room house. To evaluate if possible to rent a house
100		SololoMakutano	Need shelter	
105		SololoMakutano	Need shelter	
108		Golole-Uran	Need shelter	To evaluate if possible to rent a house To erect if possible just simple shelter to protect the family from harsh weather condition like this time of rain and cold. They are currently living in the refugee camp after they were displaced by flood their case is as serious as those of house no.053, 052 and 108

Note:

All the requests and needs taking part of what had been promised by us to the donors who are supporting the children through distance adoptions and corresponds to a minimum of decorum, have to be respected for each child, also for those minors up to now without a donor and therefore "sponsored" by Sololo Project.

When a family or a minor is admitted to the Project it is necessary to supply what is needed to have a complete basic Kit family as per attached list and all the services for the persons activated.

1) MOSQUIT NET: one of the major needs and demand of all households visited is the mosquito net. In most there is no mosquito net but few who has its not enough for the whole family as is has been provided one for the family. E.g. you can find a situation where a family of 10 people has only one mosquito net. Especially this time mosquito net is needed.

2) SANITATION: Another very important area to be looked at in this case is sanitation whereby there is no pit latrine found in all the households of beneficiaries and the few which are there are in very poor state. This makes their living areas to be inhabitable as their health will be compromised in long term.

3) EDUCATION: most of the ovcs are very good academically but few were poor also. As I do home visit there are some who ask for school fees such that they go for quality education like that of private school because public schools are congested hence the slow learns will not get advantage

4) NEW HOUSES

- Building new shelters on land belonging to different persons means, by Kenyan law, to offer a house to the owner of that land and not to whom is living in the house
- Repairing or rebuilding on the same place means exposing the house to the same risks as before in case of another flood calamity
- The quotation of building simple houses with three rooms and mabati roof exceeds our economical possibilities to satisfy all the families in need of.

Suggestions:

- 1- Evaluation of the possibility of the community to offer a small plot to each family in need of a shelter; or the authorities to assign an area where to build a new manyatta to accommodate the families in need, may be next to the Obbitu-Children Village being the base for assistance.
- 2- Obtaining a quotation for a minimal work of wire and cement which surrounds and closes the broken walls of the shelters and the people providing for the roofing in their traditional way (like it had been done for the small store close to the generator house).
- 3- Evaluation of the possibility to pay a rent for an acceptable temporary accommodation for the most desperate.

STANDARD x KIT FAMILY and SERVICES for the PERSONS (Family - Minor)

Minimum EQUIPMENT - "Complete family Kit":

- **Sanduko with:**
 - boiler
 - sufuria big
 - sufuria medium
 - wooden spoon
 - spoons
 - plates
 - cups
 - serving plates big
 - serving plates medium
 - **Jerry can 100 litri**
